Our program is designed to provide an opportunity for children, ages two through five to interact in a friendly, happy, and Christian educational setting. The child will have developmentally appropriate learning experiences in an environment that nurtures their physical, mental, emotional and spiritual growth.

Our general objectives include enabling the children:

- To experience positive relationships with peers and adults in a classroom setting.
- To learn to define and express feelings in a positive manner.
- To broaden cognitive areas.
- To experience creative expression through art, music, dramatic play and literature.
- To enrich communication skills through language development activities.
- To build good physical skills; both fine and gross motor co-ordination.
